CGPA: 7.67

Trident Academy of Creative Technology
Bachelor of Computer Applications

2021–2024
CGPA: 7.31

PROJECTS

HolaAmigo – Speak, See, and Connect Instantly Across the Globe

<https://holaamigo-od71.onrender.com/>

- Built a secure, scalable MERN-based language exchange platform with real-time chat, video calling, and customizable UI, enabling instant global connectivity for users .
- Developed advanced chat features including image sharing, typing indicators, reactions, and seamless friend management, delivering a dynamic user experience.
- Integrated production-grade video calls (one-on-one and group), screen sharing, and notifications, leveraging Stream API for reliable communication.

Online Learning and Study Resource Platform

<https://7azz.github.io/HandscriptBCA/>

- Developed a web-based platform that organizes handwritten notes and past exam papers, streamlining resource access for students and boosting learning efficiency.
- Implemented structured content delivery and server architecture using XAMPP with MySQL and PHP, enhancing accessibility and reducing resource search time by 30%.
- Delivered a user-friendly interface to simplify navigation and enable quick retrieval of study materials.
